## **An inexpensive way to show your art on the web**

### **A website for artists**

Many artists would love to have their own web page but they don't want to invest the time and money to create one. YourArtPro is a website of artists of all types including such types as Painters, Ceramicists and florists of all abilities. **You don't have to be an expert to show off your art. You can have your own web page without website development for \$40 per year.**

It's fun to show off your work to family and friends and if you choose to do so a notification will be sent to the YourArtPro visitors list when you add a new art.

- You will have your own web page
  - Fill out the registration information
  - Pay \$40 per year (or the premium membership for \$50 per year.)
  - There is a 30 day money back guarantee.
- Add pictures of your art **as easy as adding an attachment to an email**
- Add a title, description and a price if you choose
- Your choice: upload you personal picture and biography

You can't sell your art through this website, but an email address is shown for people to respond so you can handle their transaction.

**Please take a moment and go to the website [www.YourArtPro.com](http://www.YourArtPro.com) and look at these points:**

- To register, click "**Join the Artists**". You can use your credit card to register.
- All artists are shown on the main home page.
- When you register, you are immediately able to upload your art
  - There is "Help" on the main menu that answers most of your questions
